Multi-channel encoder/decoder

US Pat. 6188699 - Filed Dec 11, 1997 - PMC-Sierra Ltd.

34, **priority** encoder 32.3 monitors line interfaces 32.2 for requests and ...

said **multichannel network** device comprising: (a) a plurality of channels; ...

Dynamic bandwidth allocation through multi-channel time slot assignment and ...

US Pat. 6826160 - Filed Jul 7, 1999 - 3Com Corporation

For example, the **network** adminis- 45 trator can identify users according to department, **priority**, uniform loading, all devices will have approximately the

...

Method of enhancing **network** transmission on a **priority**-enabled frame-based ...

US Pat. 6954800 - Filed Apr 4, 2001 - Broadcom Corporation

Whenever the frame at the head of the transmit queue is a link layer **priority** 6 frame (highest **priority** on the physical **network**), the 16-bit 45 register ...

Packet switching apparatus with multi-channel and multi-cast switching ...

US Pat. 6128292 - Filed Dec 4, 1997 - Electronics and Telecommunications Research Institute, Washington University

Based on this action, all the remaining switch device in **priority** in the input sequence of the **network**, and then the the same row would not take any action ...

Routing device utilizing an ATM switch as a multi-channel backplane in a ...

US Pat. 5408469 - Filed Jul 22, 1993 - SynOptics Communications, Inc.

Bit 1 of the fourth byte is the cell loss **priority** (CLP) field 119. If the value of the field is 1, the cell is subject to discard, depending on **network** ...

Method and apparatus for fault-tolerant transmission in multi-channel networks

US Pat. 5576702 - Filed Jan 10, 1995

... or in networks with multi-**priority** medium capacity distribution. ... are provided for data transmission on a **multichannel** communication **network**, ...

Concurrent multi-channel segmentation and reassembly processors for ...

US Pat. 5379297 - Filed Apr 9, 1992 - Network Equipment Technologies, Inc.

... claim 25 wherein 25 said selector means grants **priority** to cells from the return path whereby congestion signals are given **priority** in the **network**. 27.

...

Switched multi-channel **network** interfaces and real-time streaming backup

US Pat. 6754785 - Filed Nov 30, 2001

1 2 SWITCHED MULTI-CHANNEL **NETWORK** Another related approach is a **network** ...
access This application claims **priority** from United States Pro- and management,
...

Multi-channel image array buffer and switching **network**

US Pat. 5450549 - Filed Feb 16, 1995 - International Business Machines Corporation

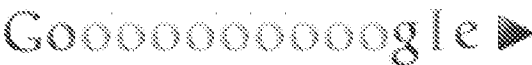

The FIFO empty flags are input to a **priority** encoder chip 73. In the case when
all FIFO registers are empty,, eg, after a reset, the **priority** encoder chip ...

Method for distributing sets of collision resolution parameters in a frame ...

US Pat. 6877043 - Filed Apr 4, 2001 - Broadcom Corporation

Whenever the frame at the head of the transmit queue is a link layer **priority** 6
frame (highest **priority** on the physical **network**), the 16-bit register ...
